

City of Winnipeg Crews Kick Off 2003 United Way Days of Caring

Winnipeg - Mayor Glen Murray and employees from the City of Winnipeg will be working alongside staff from Andrews Street Family Centre and Pritchard Place Drop-in on Wednesday, June 11, 2003 to build an indoor playhouse and repaint outdoor playground structures for the kick-off of the 2003 United Way Days of Caring.

"We can accomplish so much good when we work together. United Way has found yet another creative way to respond to community needs, said Mayor Murray. I'm very proud of all the City of Winnipeg staff who lent their hearts and their hands to this Day of Caring project. Our neighbourhoods can be changed in inspiring and meaningful ways. This is proof."

Each Day of Caring is a unique opportunity for companies and other organizations to make a difference in the community by helping non-profit organizations complete projects or hold special events that require additional people power. The Kick-Off Celebration, which also features a pancake breakfast, demonstrates that by working together, we can work toward realizing a common vision for better lives, improved conditions and stronger community for everyone.

City of Winnipeg crews repaint an outdoor play structure and build an indoor playhouse at Andrews Street Family Centre and Pritchard Place Drop-in.
